LETTER FROM CORPORAL LYNN.

CAMP THOMAS, July 7.—I will endeavor to write a few lines, which may be of interest to the friends and relatives of the boys from Lincoln. At present writing they are in good health and not in the least disengaged at their prospects of going to Cuba. The regiment is thoroughly equipped and is expecting at any moment to be ordered to the front. Boys who have heretofore worn Piccadilly shoes and hair parted in the middle, now have close shaven heads and wear broad tread shoes. They are attired to suit Uncle Sam rather than themselves.

The boys couldn't have suited themselves better than having been assigned to Company L, whose captain is that generous, open-hearted and well liked gentleman from Lancaster—Samuel M. Duncan.

Rowan Saufley was the first from the company to receive the honor of promotion. He has been promoted from 2d sergeant to sergeant major of the regiment, which position pays handsomely and is one of honor and responsibility. He is a busy man and scarcely has time to respond to his sweetheart's letters. Through his promotion the office of 2d sergeant is declared vacant, and Corporal Warren will very likely fill it, thereby giving him promotion.

Company L is progressing rapidly and ere long it will rank with the best drilled company of the regiment; and all that is needed to show what the boys are made of, is to land them in Cuba.

Lieuts. Parra and Wherritt are showing no lack of interest in their company and if anything which will benefit us is going the rounds they will see that Co. L comes in for her part.

As I close a comanche war whoop escapes the lips of the 2d regiment boys, for pay day has come at last.

MATRIMONIAL MATTERS.

Miss Pearl Catron and Charles B. Candler, of Somerset, were married last week.

A Columbia, Tenn., man is trying to secure divorce because his wife quarrels so much he can not sleep.

William Owens' of Empire City, Mo., shot his wife because she was on too good terms with the pastor of her church.

H. Schmitz, the well known florist of Louisville, eloped to Jeffersonville with his 15 year-old clerk, Miss Nellie Sparks and was married.

While on her way to the lunatic asylum, Miss Amanda Keyley, of Valley View, escaped from her escorts and being joined by David Hooper, a farm hand, they proceeded to Richmond and were married, so a dispatch says, which adds that her mind now shows no sign of derangement.

The biggest hearted preacher in the country has bobbed into notoriety at Whiting. It has been discovered that the Rev. C. T. Atwood, pastor of the Christian church, was engaged to 17 young women at the same time. He arrived in Whiting about a year ago. A few days ago came the public announcement of his engagement to Annie Bigelow. Sixteen damsels then declared he was also engaged to each of them; Atwood's only defense is that he loved them all.

CHURCH CHATTER.

Rev. W. S. Grinstead will preach at Mt. Vernon at 3 and 8 P. M. to-day.

Rev. W. R. Gales was on yesterday's train returning from Campbellsville, and told Mr. A. C. Sime that his meeting there resulted in 150 confessions.

Be patient with the girl who walks to a front seat late at church in order to show a new hat. In a few years she will drop meekly into a back seat in order to get out quickly when the baby cries.

President McKinley sent cordial greetings and best wishes to the Convention at Nashville and the Christian Endeavorers of the United States assembled in the 17th International convention of the society, and representing more than 2,500,000 young men and women of the United States alone, thanked him for his greeting and expressed their heartiest sympathy with their Christian President, William McKinley, in his suggestion for a service of praise and thanksgiving to Almighty God. They have read the proclamation at their opening service and have united as he desired in pray or for a speedy peace.

The largest flag in the world swings from mountain to mountain at Mauch Chunk, Pa., on a cable half a mile long and the flag is suspended in the middle. The size of this old glory is 56x75 feet. It contains 975 yards of ordinary bunting, 18 yards of duck, 100 yards of muslin and 22 pounds of hardware.

Copying ink may be made by dissolving lump sugar in the common ink, used in the proportion of one drachm of the former to one ounce of the latter.

MCKINNEY.

Rev. T. H. Coleman will begin a protracted meeting at New Salem church next Monday night.

Rev. T. H. Coleman and W. S. Grinstead preached here Sunday at the Baptist and Presbyterian churches respectively.

John W. Wills' little boy, who had been afflicted with Bright's disease for several months, grew suddenly worse Thursday and died the same day.

Bad Goode and wife, of Waynesburg, visited Mrs. G's parents, Mr. and Mrs. M. T. Reynolds, here Saturday and Sunday. Jacob Himmelman and family spent Sunday with friends in Danville.

Dr. J. P. Ralley, oculist, is located here briefly and has fitted a number of citizens with glasses. Mrs. E. J. Tanner and children, who have been visiting relatives at Junction City, returned home Sunday afternoon. Berry Ware, of Pulaski, is visiting his son, F. M. Ware, here this week. A. B. McKinney has been on the sick list for three or four days past, but is not seriously ill.

Lewis Logan, colored, seems to, indeed, be passing under the stern rod of sore affliction. Yesterday, Sunday, he buried the fourth member of his family, all having died within the last few months. He is now left with a wife and one child only; others having fallen victims of that dread disease, consumption. Billy Walls' baby died of cholera infantum near here a few days ago.

The killing of Henry Robinson on the killing of this place and Stanford, Saturday, adds another to the long list of crimes, directly attributable to the whisky traffic in Kentucky. How long is this boasted christian nation going to bear this monster evil upon the bosom of its intelligence, sappling, as it does, the vital of our Christianity and the good government that should characterize such a people? How many hands, in a measure, are stained with the blood of Henry Robinson. Who can tell? Are you voting to perpetuate the liquor business?

DANVILLE.

The obliging and efficient cemetery superintendent, S. M. Harbison, has been re-elected for the ensuing term.

Danville, with the lowest city tax rate in the State, is now improving its street crossings. Concrete is being used and is found satisfactory. We expect far greater improvements later.

Two fires this week. One at the Danville Planing Mill, and the other at B. G. Fox's livery stable, were extinguished without the aid of the fire department or serious loss.

The Boyle county democratic convention instructed delegates to vote for Gilbert, of Shivelyville, at Tuesday's district convention. A great deal of enthusiasm was manifested; attendance large, but harmonious. Gilbert's vote was 717; McCreary's 555. Thompson apparently not in the contest.

As Mr. James Kinnard was going to his home on Lexington Ave., at a late hour Saturday night, he was violently struck on the back of the neck by an unknown Negro. Mr. Kinnard had discovered some one following him and the peculiar movements of his assailant had attracted his attention, consequently he is fully satisfied as to his color. The blow rendered him physically unable to offer any resistance, and while giving an alarm the Negro fled without identification.

Mrs. Dr. Steele Bailey and daughter, Miss Isabella, were shopping in Danville Saturday. Dr. F. H. Montgomery spent Sunday with his father in Elizabethtown. Mrs. John M. Brooks, of Middlesboro, is at the bedside of her sick mother. Mrs. Joe McDowell, of the West End, while reported critically ill at this time. Misses Nancy Hughey, Bessie Monk and Eva Grant are visiting friends in Versailles. The new commandant of Hogsett Military Academy, Prof. E. A. Smith, visited that institution this week. Prof. and Mrs. Wm. M. Bruce, after a short visit to relatives in this section, left this week to spend his vacation at the University of Chicago before resuming his chair in Kendrick College, Arkansas. Miss Madison Bell, of Louisville, after a visit to Mrs. John Quisenberry, has returned home. Miss Pearl Faulconer gave a reception on Tuesday evening to her visitors. Misses Letcher and Johnson, of Henderson, and Willis, of Bowling Green. Miss Louise Van-Winkle received a few friends Friday evening in honor of Miss Waggoner, of Covington. Mr. and Mrs. J. W. Yelzer entertained Wednesday evening in honor of Misses Estelle Crawford and Annie Spears. The spacious country lawn was brilliantly lighted and well filled with delighted guests. Those who received were: Mr. and Mrs. J. W. Yelzer, Miss Mitchell, of Chicago, Misses Murphy, of Stanford, Misses Crawford and Spears; Misses Sidney Otter, B. O. Iodes, Jr., Ward Goodloe and G. Howard Bruce.

The Versailles city council has increased the tax from 50 to 65.

OFFICIAL REPORT.

DEMOCRATIC CONVENTION INSTRUCTS FOR MCCREARY.

Promptly at 2 o'clock Chairman J. E. Carson appeared on the court-house steps and explained to the vast crowd of democrats that the convention was to name delegates to the Durville convention to nominate a candidate for Congress in the 8th district, and urged that harmony and fair play prevail. On motion of Hon. B. C. Warren E. C. Walton was chosen secretary and the convention was declared open for business.

Hon. Harvey Helm presented the following:

RESOLVED, 1st, By the democracy of Lincoln county in mass convention assembled that we approve the end of the district convention of the 8th Congressional district for a convention at Danville, Ky., July 12, 1898, for the purpose of nominating a democratic candidate for Congress for the 8th Congressional district of Kentucky and the call of mass county conventions for the purpose of selecting delegates to the district convention.

2. That the delegates chosen to said district convention by the majority of the democrats in mass convention assembled be and they are hereby instructed to cast as a unit Lincoln county's 16 votes for Hon. James B. McCreary for the nomination for said district for Congress so long as his name remains before said convention.

3. That the delegates chosen to said convention be and they are hereby instructed to vote as a unit on all questions of the organization of said district convention and that any one of the delegates chosen to said convention be and hereby authorized to cast the entire vote of this county in said convention, pursuant to instruction of second resolution.

4. Resolved by the democracy of Lincoln county in convention assembled that the platform adopted by the Chicago convention in 1896 which nominated W. J. Bryan for president is fully and heartily approved.

J. S. Owsley, Jr., offered a substitute embodying the endorsements of the call and of the Chicago platform and naming the following delegates to go un instructed as to a candidate, but to vote as a unit: D. F. Logan, Jas. F. Moore, John F. Drye, D. A. Twaddle, John Sam Owsley, Jr., R. M. Newland, Dr. J. D. Pettus, O. P. Newland, G. W. Fullam, R. G. Denny, Josh Swope, John C. Goode, John Walters, T. M. Goodnight, F. L. Wallin, D. C. Allen.

It was moved and carried that a vote on these resolutions be by a division and those supporting the first were instructed to form on Lancaster street to be counted by R. G. Denny and J. F. Holdam and those favoring the second resolutions to form on Main street and be counted by D. F. Logon and R. L. Hubble and they reported 917 votes for the McCreary resolution and 361 against it. The chairman announced the McCreary resolutions carried and J. S. Owsley, Jr., moved that they be made unanimous, which was done.

The convention then adjourned.

NEWS IN THE VICINAGE.

The State Commission has revoked the contract of the M. I. Sowle Company, of Louisville, contractors for the State printing, because of delays in filling orders.

The stable of Charles Burton at Monticello burned, with two horses and a stage coach. Loss, \$1,000. Cause unknown.

At Somerset John Satterfield was sentenced to five years in the penitentiary for the killing of Tom Smith. The trial of Colyer for the murder of Jailer Catron was continued.

The First National Bank of Somerset will reduce its capital stock from \$100,000 to \$50,000. The Somerset Banking Co., will likely cut its capital stock to \$50,000 from \$80,000.

Rev. W. G. Cram, well known here, represented Ashbury College in the oratorical contest at the Lexington Chautauqua which was won by Howard Cree of Kentucky University, R. G. Gordon, of Central University, second.

It turns out that Jack Bundy, an employee of Gilbert Garrard, who had gotten mad with him, fired at him from ambush and not one of the Howards. Garrard is positive he can convict Bundy of the offense, and thus will be spalled another attempt to drag the Garrards into the unfortunate feed which is now disturbing Clay county's peace.

THE INTERIOR JOURNAL

STANFORD, KY., - JULY 12, 1898

W. P. WALTON.

It is painful to observe that the report of the Senate Committee to investigate the payment of the claim of the Methodist Book Concern at Nashville, and the payment to Maj. E. B. Stahlman of \$100,000 as an agent in getting the claim through, shows that the Senate was deceived by the representations of Mr. Stahlman and Messrs. Barber and Smith, the book agents. The charge that Maj. Stahlman would deceive any one is preposterous. He is oily and sleek, but too good a Methodist to practice deception. The report absolves the Methodist Church, South, as such, from blame in the matter, and also found that no Senator or member of Congress received any money in connection with the claim. The Methodist bishops had published a card that if the passage of the bill was due to misleading statements, they would take proper steps to have the entire amount returned to the government. Now what are they going to do about it?

J. P. HOBSON, of Hardin, was nominated by the Lebanon convention for appellate judge. Beckham was withdrawn and Kelley dropped, leaving the tug of war between Hobson and Garnett on the 70 ballot when the former received 794 votes and the latter 571. The nomination was then made unanimous and the long drawn out struggle ended in a love feast. A gentleman, who has been much in the district, tells us that Garnett was long ways the strongest man and that Hobson's nomination means the election of a republican, but we hope he is mistaken. The nominee is a Virginian by birth and is a good all around lawyer.

THOUGH fighting each other daily in the battle for supremacy, the nine English Chicago dailies stood together against the unjust demands of the stereotypers' union and won, but it was at a very heavy cost. For six days they were entirely suspended, while much of their expense went on, but it was win or lose out to the union and they decided to yield no more to its constant demands, which had become onerous. Non-union men now fill the places and the strikers are experiencing an enforced rest.

LINARES refused to surrender Santiago, unless he was allowed to take his army with him, but President McKinley promptly ordered Shafter, who rather took to the proposition, to accept nothing but a full surrender. The battle is now on from land and sea, but Shafter telegraphs that it will take three days to take the city, although his position is stronger and his line extends five miles in the shape of a horse shoe. There has been enough parleying. Let the battle rage till the last Spaniard there is dead or captured.

THE damage suit of Joe A. Parker, the populist, against the Louisville Dispatch, was decided in favor of the paper at Marion. The paper charged, which everybody believed and what the jury now decides is true, that Parker was running for appellate clerk in the interest of the republican party. Joe is a mighty short horse anyway.

THE closing scenes of Congress were marked by a narrowly averted personal encounter on the floor. Cannon, rep., of Illinois, characterized a statement of Ball, dem., of Texas, as a lie, whereupon the Ball went for the Cannon, but was prevented from killing him. The incident can hereafter be referred to as the Cannon-Ball fiasco.

HAWAII is now a part of the United States, the president having signed the bill for annexation. The Philadelphia is on her way to Honolulu to plant the stars and stripes on the islands, to remain a part of the land of the free and the home of the brave.

GOV. BRADLEY sent another company of soldiers and a gatling gun to awe the mob which was becoming demonstrative at Mayfield, and it cooled down. There had been no verdict at last accounts in the Blanks case, but it is sure to be death.

THE sound money democrats of Tennessee met at Nashville and decided to discontinue the organization of the party in that State. Most of them will vote for McMillan for governor, the others will continue to serve the republican party.

HAVING gotten Congress off his hands, it having adjourned Friday, it is hoped that President McKinley will now be able to give greater attention to a more vigorous prosecution of the war.

THE 2nd Regiment, which includes the Stanford boys, have at last been paid off. The privates got \$28.00 each for the two months' service, and it took \$42,000 to square accounts.

Admiral Sampson cables the war department that the Colon, Maria Teresa and Vizcaya, of Cervera's fleet, can be saved for service.

THE subjoined table shows the result of the conventions in the 10 counties composing the 8th Congressional district, Saturday. It will be seen that while Gov. McCleary leads in the number of instructed votes, he is 14 short of the 75 required to nominate. Jessamine's 14 votes would fill the want, but it is understood that his friends in that county foolishly agreed that the vote should be divided between him and Gilbert should Crutcher be dropped. If Thompson were to throw his 15 votes to Gilbert, as he will at the proper time, he would still be one short of the requisite number. This might be gotten from Jessamine, but for the fact that Crutcher will think that McCleary will naturally feel better towards him than Gilbert and throw his vote to him if necessary to prevent the latter's nomination. We haven't given up hope that Gov. McCleary may yet pull through, but in case he does not Crutcher has a better show for the nomination than one who fought the governor so viciously.

Gov. McCleary will either be nominated or dictate the nomination, bet on that.

NO NEWS OF BOMBARDMENT.

COL. W. JENNINGS BRYAN ORDERED TO JOIN LEE'S CORPS.

WASHINGTON, July 11, 10 A. M. Shafter cables that bombardment will commence promptly. Fleet opened on Santiago from Agudores Sunday afternoon. Shafter says it will take three days to capture the city.

WASHINGTON, July 11.—Col. W. J. Bryan's regiment has been ordered to Lee's corps, Jacksonville, Fla.

Nothing yet to indicate general attack at Santiago.

WAR ECHOES.

The Senate passed a bill conferring on Adj't Gen. Corbin the rank, pay and allowance of a Major General.

Eleven lighters being towed to Santiago by tugs for Gen. Shafter's army were lost in a storm off the Cuban coast.

Private W. F. Anderson, of Co. I, died at Chickamauga of typhoid fever. His home was at Valley Oak, Pulaski county.

The death rate in Guantanamo from starvation is over 15 per day. Soldiers despair of succor and the town can be taken at any time.

The first deserter from Camp Thom as was sentenced to three months' hard work under regimental guard and a forfeit of \$10 per month.

Grave charges are made of the neglect of wounded at Santiago. Men are said to have been left for days on the ground without shelter.

Lt. Bobson confirms the report that he and men were kindly treated by Cervera and all the Spanish officials. The former complimented him highly for his brilliant feat.

Nineteen Spanish soldiers who ran into the American lines and surrendered say that the Spanish troops would desert in companies if they only felt sure of good treatment.

The Harvard has sailed from Santiago for Portsmouth, N. H., with the last of the prisoners, the total being 1,750. The officers of Admiral Cervera's fleet will be taken to Annapolis.

Commodore Watson's fleet will consist of the Iowa, Oregon, Newark, Dixie Yankee, Yosemite, six colliers and a supply boat. He has orders to go till he finds Camara's fleet and destroy it.

The War Department received a telegram from Gen. Shafter's headquarters stating that the auxiliary cruiser Oseocla captured a Spanish lighter loaded with provisions and valued at \$50,000.

Under date of the 9th Shafter cables complete report of loss on July 1 and 2. Killed, 22 officers, 208 enlisted men. Wounded, 81 officers, 1,203 enlisted men. The reports giving the names of the killed and wounded are being rapidly prepared.

Admiral Villamil commanded the Spanish torpedo fleet, and was killed. Captain Lazaga, of the Oquendo, killed himself and set his ship afire. Cervera himself, Capt. Moren, of the Colon, and Eulate, of the Vizcaya, are now prisoners of war.

The Adams Express Company has issued an order to its agents throughout the United States to accept and forward merchandise of any kind consigned to soldiers anywhere within reach of the company, at a reduction of 25 per cent. on regular charges.

The auxiliary cruiser St. Louis reached Portsmouth, N. H., Sunday with 51 Spanish officers and 618 Spanish seamen, captured after the destruction of Cervera's squadron. Though the prisoners did not know where they were being taken, the voyage was without special incident.

The fleet at Santiago is alive with rumors of friction between Acting Rear Admiral Sampson and Commodore Schley. One of these rumors is that Sampson forbade Schley to make a report to Washington of last Sunday's naval battle. The only reports made to Washington were from Sampson and Watson, neither of whom mentioned Schley.

The Philippines are to be abandoned by Spain without another blow. Admiral Canara has returned to Suez, having gone no further away than just outside the three-mile limit, and re-entered the canal to return to Spain. If it was never intended that he should go to the Philippines, the Spanish Government has paid a stiff price for the bluff, as the tolls from the canal company were \$116,000, to say nothing of the long sail from Cadiz.

A dispatch says that excepting five or six of the staff officers and about the same number of company officers there are no officers or enlisted men in the Fourth Regiment who have the least knowledge of even the rudiments of military tactics and discipline. As a result there is no discipline and deserters are many. It is predicted by military people that in view of the incapability of the line officers these mountaineers will be a long while in acquiring from such drill masters enough of the science of warfare to fit them for service, if, in fact, they ever do.

A dispatch from Chickamauga says that Col. Gaither has issued orders reducing the following "non-coms" to the rank of privates for overstaying their respective leaves of absence: First Sergeant Ashley C. Lillard, of Danville; Second Sergeant Bruce Edelin and Corporal Patterson, all of Capt. Sweeney's company, from Lebanon. Several privates were sentenced to 30 days' extra fatigue duty for similar offenses.

A raid was made on crap shooters, and about 20 prisoners were gathered in. Col. Gaither has determined to stop all gambling in tents, and heavy sentences await all detected so doing.

"THE College Home," Dr. J. S. Stapp writes us from Campbellsville, will resume its scholastic duties at Crab Orchard, Sept. 5.

Now that the convention is over let the people turn their attention to work and paying their debts. It would be a good idea to begin the latter at this office.

THE weather has been deliciously cool for several days, giving people a much needed breathing spell after the long hot wave. "Fair Tuesday: warmer," predicts the signal service.

PUBLIC MEETING.—Major J. N. Menefee has called a meeting of the citizens at the court-house for Thursday night, 21st, to decide whether the town shall continue its contract with the Water, Light and Ice Co., as it is, or modify it. It is the prevailing impression that the expense in this line ought to be curtailed.

LANCASTER.—The democratic convention met Saturday and instructed its delegation for McCreary, of Madison, for congress. The committee on resolutions first recommended that Rothwell, of Garrard, receive first instructions and McCreary second. Mr. Rothwell refused to accept these instructions, and the delegation was instructed for McCreary.

A HUMBLE reading club has been formed by a number of the gentlemen on Danville street and each Sunday afternoon a dozen or more chapters are read and discussed. Mr. John Bright is president, and Messrs. John M. McRoberts, J. E. Bruce and John Engleman are some of the members. They started at Genesis and intend reading the good book through.

HUSTONVILLE FAIR.—West End people tell us that preparations are already being made for the Hustonville fair, which will be held three days, commencing Aug. 10. Big premiums will be offered and an attractive program and a good time generally is promised all who attend. The hospitality of the West Enders is proverbial and their late strings, as usual, will hang on the outside. Make arrangements to go.

STEPHENSON.—Miss Stella Stephen-son died Saturday after a lingering illness of consumption and was buried in the old Hill burying ground near Maywood Sunday afternoon after services by Rev. Ford, of Lexington. She was 26 years old and had been a devout member of the Christian church since her early youth. She was a daughter of William Stephenson and a most excellent young lady. Undertaker J. C. McClary, who buried her and knew her well, says she was one of the best young women he ever knew. Miss Stephenson was once postmaster at Maywood.

CHEAP threshing coal. J. H. Baughman & Co.

Go to Cash & McClure's for 4X coffee at nine cents.

FRUIT Jars, Cans and Jelly Glasses at Warren & Shanks'.

The Southbound passenger, No. 23, now arrives here at 1:25 P. M., or two minutes earlier.

SNAKE.—John Skidmore killed a rattlesnake at the foot of Mason's Gap, which had 13 rattles and a button.

J. H. BAUGHMAN & CO. will store wheat again. See them.

A TRAMP who gave his name as Frank Woods, and his home as Richmond, Va., was put in jail Friday evening for drunkenness. He imagined himself a lieutenant of Admiral Sampson and had a wounded arm which he claimed was shot by a Spaniard. He talked incessantly about naval affairs and impressed a good many who heard him with the belief that he was a deserter. He was let out Saturday without a fine and soon shook the dust of the town from his feet.

MOFFETT.—The beloved wife of Rev. A. S. Moffett died at Lebanon Sunday afternoon of inflammation of the stomach, after a week's illness. She lived here a long time and made hosts of friends, who loved her for her deep and unassuming manners and who will grieve with the husband and children that she has been called away. Her maiden name was Crawford and she is a sister of the Rev. A. W. Crawford, and found him at John Cannon's house in Shelby City. He was brought here and turned over to Jaller DeBord at 4 o'clock Sunday morning. He told an I. J. reporter that he did not do the shooting nor did he know who did. He had one hand on Robinson's shoulder, he says, and in the other a flag when the Negro was shot. The other boys claim that they knew nothing of his being shot until they saw blood issuing from his head and a few seconds later fall to the foot of the carriage. Gadberry's father, Mr. John Gadberry, a respected citizen of Casey, was here Sunday and when he called on his son the latter wept bitterly. He is only 19 years old and seems to be an unusually tender-hearted youth.

FOR SAFE-KEEPING.—Sheriff B. P. White, Jr., and Circuit Clerk D. W. White, of Clay, delivered to Jaller DeBord here Saturday Jesse Barnett and James Baker charged with the murder of Messrs. Howard and Stoves. They are of the Baker crowd of the famous feud between them and the Howards and are held without bail. Barnett is quite a respectable looking man of 55, while Baker is a lad of not more than 16. The boy is a son of Tom Howard, who murdered ex-Sheriff White, and the two men are said to have been with him when Howard and Stoves were murdered and old man Baker, shot in the back. Tom Baker is now in the Knox county jail.

CIRCUIT COURT closed yesterday. The trial of John Smith for the killing of Jim Nelson, which was commenced Thursday afternoon, resulted in a hung jury. Bill Lewis for shooting John Smith in the same row was given a fine of \$50 to be worked out if not paid.

J. B. Paxton, attorney for George Stenhouse, filed grounds for a new trial for him yesterday, but they were overruled and Judge Saufley then sentenced him to be hanged by the neck until he is dead, between the hours of 7 A. M. and 6 P. M. on Thursday, August 18. The Negro listened to the awful sentence without apparent concern and when asked by a reporter, if he felt much alarmed, he replied "some." He says he is but 17 years old.

Judge Saufley yesterday extended the term another week.

COUNTY CONVENTION

FOR McCREARY THREE TO ONE.

Saturday was a lively day here. The merriment began to arrive early and when Jim Carter's wagon train of McCreary men came at 10 o'clock from Highland, following the stars and stripes carried by Wm. Huser, the town was pretty well filled with people. They continued to arrive till 2 when there were fully 1,500 from the country here. It was soon seen that the McCreary men had everything their own way and after spending \$500 or \$600, in addition to the large amount expended before in the vain hope of stemming the tide, the opposition gave up in disgust.

By ringing in Gilbert men, Thompson men, Harding men and opposed to Instruction men, they succeeded, however, in counting 361, which is 61 more than we had given the combination, but at that very poor showing considering the amount of work and money expended. There was considerable McCreary money afloat too, but its expenditure was not necessary to carry this county for the Madison man, who in a primary election and on a full vote, would have gotten fully 1,300 of the over 1,600 democratic votes of Lincoln. The best men in the county are for him first, last and all the time and if he goes down in defeat by miserable combination, he will have the satisfaction of knowing that his friends here were not, and did not intend to be, swerved from their purpose of instructing for him for the position he filled so long and so creditably.

The "no instruction" idea was cunningly concealed, but it couldn't be worked on a McCreary crowd. When they saw how badly the McCreary men had the boys beaten many refrained from voting for their man, or might have gotten 1,200. Considering that four barrooms were in full blast and money plentiful, the crowd was a very orderly one, no disturbance of consequence occurring.

Gilbert sent R. L. Pulliam here from Shelby county to help buy the boys into line, but he too ran up the white flag, when he saw how the cat was going to jump.

Bon. Harvey Helm led the McCreary forces and to him and his faithful lieutenants are due much credit. J. M. Alverson, of this office, is worthy of special mention for his indefatigable efforts.

Rockcastle Instructed for McCreary without a dissenting voice. No wonder Gilbert is alleged to have said to Thompson after their recent speaking there: "Thompson, what on earth did you steer me up here for?"

A VISIT TO ASHVILLE, N. C.

I attended the Southern students conference held at Asheville, N. C., recently. A trip over the Q. & C. and Southern Railway is most delightful to lovers of nature. The mountain scenery in Southern Kentucky and Tennessee and along the French Broad is so grand and picturesque and so appreciated by travelers, that an observation car is furnished for their pleasure without any charge. We traveled for miles along this beautiful river, shallow, but very wide, with huge boulders here and there, resembling white sharks emerging from its waters. Towering far above our heads, until they seem lost in the clouds, are giant mountains and the scenery is magnificent. Truly, "the man or woman who loves nature best, loves the mountains."

COOL WISCONSIN RESORTS.—The convention was held on Bingham Heights, situated on the French Broad Bluff, from which we had a most magnificent panorama of views. To the South rise Pisgah and the Blue Ridge; toward the East the Black mountains. We also saw Vanderbilt's mansion glittering in the sheer of the setting sun. A more delightful place could not have been selected for holding a convention. About 140 delegates from the Southern colleges were present. The object of this convention was to deepen the spiritual life of college men.

Asheville is situated on a plateau 2,500 feet above the sea level, surrounded by high mountains, the contour of which is gentle and they are clothed with a verdant growth of timber. Some of these mountains rise to the height of 7,000 feet. The air is so pure and invigorating, and the resinous exhalations of the pine forests, produce restorative influences unsurpassed. In the center of court square stands a monument erected in memory of Senator Vance, one of North Carolina's greatest and best men. On a high eminence in the heart of the city stands the beautiful Battery Park Hotel. This place is of historic interest as it was occupied by the Confederate battery during the war. From its broad plazas, one has a magnificent view, and exclaims, truly, the name, "The Land of the Sky," is no misnomer. The rides and drives over mountains and through valleys are of unequalled beauty.

So much has been written of the princely estate of George Vanderbilt, consisting of 140,000 acres, of his elegant mansion of carved stone, his deer parks and hunting grounds, yet it may be of some interest to know that he selected this place because, having traveled the world over, he said the climate was the finest and the scenery most attractive. A letter from some prominent citizen secures you a permit to enter this domain. We pass through the lodge, on either side of which, is a high wall. I will not tire the reader with descriptions of the miles and miles of beautiful drive-ways of crushed stone solidified; luxuriant flower gardens and thousands of beautiful vines and shrubs, warmed by God's sunshine and watered by His dew. His private drive is very romanesque in appearance and built at a cost of \$60,000; elegant tennis court, bordered by a massive stone wall. An Egyptian fountain stands in the center of this court, for which he paid a fabulous price. The sight dazzled our eyes, as we passed by, and was an evidence to us what money, astute and man's ingenuity could do. No one save the lord of this manor and his friends, ever behold the interior. A visitor in Asheville remarked to me that I would live to see the day it would be called "Vanderbilt's Folly."

I was told also of a young lady who made a wager that she could gain admittance into the mansion. With her gentleman friend she walked boldly to the entrance and asked to the interior. Being denied that pleasure she said: "Cousin George said I could come whenever I wanted to." The man replied, "All right come in." She asked "May I bring my friend?" He replied, "I did not say your friend could come, but only you." You can well imagine her surprise on finding herself face to face with George Vanderbilt himself.

The greatest size to which a horse has been known to grow is 204 hands high. This is the record of a Clydesdale which was on exhibition in 1880 in New York. The animal weighed nearly 3,000 pounds, and although only five years old measured 32 inches round the arm, 45 inches round the stifle or knee joint, 96 inches in girth, 34½ inches round the hip and 11 feet 4 inches in length.

HALF FARE to Buffalo, N. Y., and return on July 11, 12 and 13. All roads will sell tickets via C. H. & D. Railroad, good returning July 19. By requesting can be extended until Aug. 3rd. Persons troubled with diarrhoea will

be interested in the experience of Mr. W. M. Bush, clerk of Hotel Dorceane, Providence, R. I. He says: "For several years I have been almost a constant sufferer from diarrhoea, the frequent attacks completely prostrating me and rendering me unfit for my duties at this hotel. About two years ago a travelling salesman kindly gave me a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Much to my surprise and delight its effects were immediate. Whenever I felt symptoms of the disease I would fortify myself against the attack with a few doses of this valuable remedy. The result has been very satisfactory and almost complete relief from the affliction." For sale by Craig & Hocker, druggists.

According to statistics the colored people of the United States are paying taxes on \$264,000,000 worth of property. This is not a bad showing for a people who 34 years ago were only chattels themselves.

A TRAVELLER'S TESTIMONY.

What He Carried on the Cars

To Take when Travelling.

Every traveller knows that continuous journeying on the railroad is very apt to derange the system in some way. In spite of springs and soft seats there is a continual jar and vibration, which acts upon the system, system and produces results varying somewhat, according to the strength of the traveller or his predisposition to some species of ailment. The most common consequence of continuous car travel is constipation, which is a most annoying and painful affliction.

Dr. J. C. Ayer's Pills. They have entirely overcome this habit, and vastly improved my general health." (REV.)

FRANCIS B. HARLOWE, Atlanta, Ga.

Constipation is, perhaps, the most serious physical evil of to-day. It is a vice Octopus that grapples its victim and fastens its tentacles on trunk and limbs one after another, until at last, incapable of doing any thing, it creeps into the bowels to his fatal foe. Constipation is the beginning of many of the most murderous maladies, the clogged system becoming charged with poisons that affect the liver and kidneys, and prostrate the entire being until it expires and physically. Dr. Ayer's Pills will cure constipation. If you doubt it send for Mr. Ayer's Curebook, free, containing the testimony of those cured by this remedy. Address J. C. Ayer Co., Lowell, Mass.

Having made final settlement as assignee of A. T. Mohrly and being satisfied that it is no longer to the interest of the estate to keep the assignment open I have moved the property out of the trust and released from all liability on account thereof. H. HELM, Assignee of A. T. Mohrly, 34
